About Us

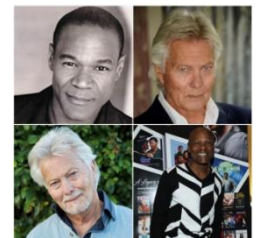

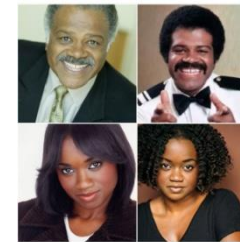

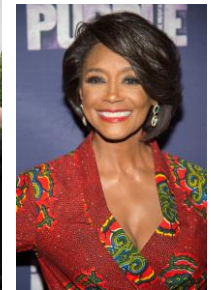

The Actor's Choice is a weekly live-streaming online entertainment show. The program centers on actors, actresses, directors, producers, and various entertainment professionals. It's hosted by storied journalist Ron Brewington.

Over the years, as part of Radio One/XM and the American Urban Radio Networks, and as a news anchor, Ron has covered nearly every important event affecting urban America. He has even appeared in several movies, including Harlem Nights, as well as the NBC television special event, Roots: Celebrating 25 Years. Ron has also produced acclaimed radio tributes to Marvin Gaye and other R & B legends.

In 2016, he was the host for the Doo Wop Hall of Fame Induction Gala, held at the historic Globe Theater in downtown Los Angeles, California. Pre-pandemic, Ron was the announcer for Motown's Heroes and Legends Awards (HAL) at the famed Beverly Hills Hotel.

On May 16, 2022, The Actor's Choice will celebrate their 300th episode on Universal Broadcast Network, at UBNGO Studios in Burbank, California. In 2023, The Actor's Choice will expand to bring the audience new and exciting segments with remotes, guest hosts and maybe a few surprises along the way. Join us on this fantastic journey.
